

YOUNG PERFORMER AWARDS

RESCHEDULING OF EVENTS?

For the purpose of the adjudication process, and as per the rules of the NEA Awards, similar grades and events are grouped together. Subsequently rescheduling of events to another day **is not possible**. Performing earlier or later on the SAME day will be allowed, if possible.

What options do I have when I cannot perform on the date and time as scheduled??

Any participant that cannot perform live as scheduled, will be allowed to submit a video recording of the performance on the following conditions:

- The participant must send a **formal** request to submit a video recording to **liz@eisteddfod.co.za** at least **24 hours** before the scheduled event.
- The following information must be included:
 - Provide full details: name & surname / name of group, item number, scheduled date & time
 - Proof of payment of **R 120 fee** to change to a video submission.
 - The details of a **shareable YouTube link** (will be created when you upload the video as below). (An Unlisted video can ONLY be viewed by the person that receives the link, like the NEA in this instance).
- For this purpose, a NEW video recording of the performance (strictly in accordance of the "Requirements for video entries") should be recorded.
 - The new recording should be uploaded to YouTube as an UNLISTED video.
 - Only the details of the **shareable YouTube link** that will be created when you upload the video should be submitted to the NEA.
 - This link will be used to screen your recorded video on the scheduled time during the session.
 - The adjudicators panel will adjudicate your performance as recorded.
